John,

Apologies for delay - Draft attached. Happy to make any changes and, as I mentioned, we may have some new air trends figures/graphics to potentially add as soon as next week. Thanks!

John,

I've been out of the office over the last week until today, but a colleague was going to send the draft your way last week when it finished being reviewed. Sounds like that didn't happen. Let me get to the bottom of it and will send to you this morning.

Clint
